Re: Asbestos Management Plan Availability  
Chamois High School  
Chamois Elementary School

Osage County R-1 School District is providing information to you concerning the asbestos management plans required under the Asbestos Hazard Emergency Response Act (AHERA). These plans are available for your review upon request. Copies of the plans for all buildings are located in the Superintendent's Office. Plans for individual schools are located in the main office of each building. The plans can be viewed by any person during normal business hours of the particular school. Interested parties wishing to inquire about the hours and times that the plans are available should call Chamois High School at (573) 763-5393 or Chamois Elementary School at (573) 763-5446.

The asbestos management plans provide information regarding six month inspections, third year re-inspections and response actions. Questions regarding the information contained in these management plans should be directed to the asbestos designated person, Mr. James Rost during normal business hours.
